

SACRED STONE CREATIONS

Liz Barzell designs and hand-crafts the striking necklaces, pendants, and earrings at Sacred Stone Creations. Through a gifted creative process she matches the shape and feel of a particular stone to her vast collection of prints ending in wearable art for all to enjoy.

All Things Are Sacred...

Wearing a stone is an delicate reminder to stay grounded and to respect all forms of life. The stones will feel cool to the touch when you first put them on but will quickly warm to your body temperature...
